PROJECTS

Timetable Displayer

- The main purpose of this system is to create a routine in all educational instructions. If the just gives input through our system then the system will automatically create a routine. The student will be able to download a separate routine for each semester.

2021

ParibahanBD

- This solution will provide BRTA Transport Service access to citizens through a web-based application.
- This website empowers citizens with instant access to various information, verify services and utilities related to the Transport Sector.

2020

Tax payment System

- The intended audience includes all the Citizen of Bangladesh in the potential system. These include, but are not necessarily limited to, the following: Government Employee, Tax officer, Circle, Officer, Taxpayer.
