

**Ministry of Energy and Mining**  
**Sudanese Electricity Transmission CO.LTD**  
**Telecommunication Department**

**Recommendation Letter**

To whom it may concern

As a manager of the Transmission and Optical Fiber Department at the Telecommunication Directorate, I have known Lana Abass Essa Abass closely as she works as a communications engineer at the directorate since 2016.

Lana is diligent, hardworking; understands exactly what task about, and how to accomplish it quickly and effectively. She often achieves her assigned tasks in a proper engineering manner. She is resourceful, creative person, frequently able to come up with new and innovative approaches to her delegated tasks. She functions efficiently as a team member. Her dedication, hard work and sincerity always enable her to be a quick learner in the job. She is very friendly, showing superior communication skills. She gets along well with others. Moreover, she is highly respected as both a person and a professional, by supervisors and colleagues.

Lana is highly enthusiastic about everything that relates to communications engineering and system. She adopts continual self-learning and growth through extensive reading and attending exhibitions and events. This has helped her to gain deep understanding and broad perspective in this field. She demonstrates an eagerness in acquiring new knowledge and experience, I wish her luck, and please accept this as my strongest recommendation for her application. Please don't hesitate to contact me If you need any additional information, or if you have any questions.

Best regards,

Eng. Amin Mahmoud A/Elrazig
