

APPLICATION FORM FOR SCHOLARSHIP THROUGH ICCR

Application Made Through : Sudan Embassy of India Khartoum
1. Full name (IN BLOCK LETTERS) : Mr. MUTAZ MOHAMMED ABDALLAH ADAM
2. Gender : Male
3. Date of Birth : 10/4/1993
4. Country : Sudan
5. Country of Residence : Sudan
6. Passport No : P04678064

a) Date of Issue : 1-5-2018
b) Date of Expiry : 30-4-2023
c) Place of Issue : Khartoum

7. Postal Address : Block no 1, Kenana

a) City : Kenana
b) State : An Nil al Abyad
c) Country : Sudan
d) Zipcode : 11111

8. Telephone/Mobile Number

Contact No : + 249126269410

Email Id : mutazm920@gmail.com

Permanent Unique ID of your country (Excluding Passport No.) : 11797840859

9. Details of Father/Mother/Guardian

| Name | Relation | Occupation | Country |
|------------------------|----------|------------|---------|
| Mohammed Abdallah Adam | Father | Teacher | Sudan |

Address : Abo Zabad, West Kordofan State, Sudan

| City | State | Country | Zincode |
|-----------|---------------|---------|---------|
| Abo Zabad | West Kordofan | Sudan | 11111 |

10. Knowledge of English : Yes

Written: Good

Spoken: Good

**Reading:
Proficient**

11. English Proficiency Test : No

12. Essey:

4. Describe a problem you've solved or a problem you'd like to solve. It can be an intellectual challenge, a research query, an ethical dilemma — anything of personal importance, no matter the scale. Explain its significance to you and what steps you took or could be taken to identify a solution. I would like to share a serious issue that face the people in my hometown for the last 10 years. I grow up in small village called Al-Hamaria, in West Kordofan State, Sudan. My state is dry and sandy land. Although, the main resource for living is farming. Now, here is my story, it is about desertification. My village has affected by sever desertification in 2015. The basic definition of desertification as it explained by expertise is a type of degradation in dry lands in which biological productivity is lost due to natural processes or induced by human activities whereby fertile areas become increasingly arid. It is the spread of arid areas caused by a variety of factors, such as climate change and overexploitation of soil as a result of human activity. The scenario in my village is quite similar to the factors mentioned in the definition where the farmers are main factor for causing and increasing desertification by continuous bad practices for years. Farming activity happen at rainy season (autumn) is vital and essential for villager but the period of preparing the lands before sowing is destructive, the farmers cut down trees and burning them to expand the lands, they continue to use the property until the soil is completely degraded and repeat the same process on new woodland. In recent years, increase in floods has been observed compared to previous years and this due to logging and soil erosion, it's clearly indicator of desertification. I believed and still believe that precaution better than cure, so awareness the farmers about the danger of desertification of land and the consequence loss of land fertility are the frontline to stop it. At the state level, establishing strict laws to reduce tree felling and burning must be imposed. Nevertheless, encourage farmers to using sustainable farming witch term of using agricultural cycling would be one of the best options for the villager. In general, the destruction of habitats and desertification may also contribute to a loss of biodiversity. While some species may be able to adjust to the altered environmental conditions properly, many species will not be able to do so and may suffer from serious declines in population, moreover decertified land consider a huge problem that needs to be addressed seriously, and if we take the time to do it now, we can prevent other problems from happening with it in the future. By taking that critical look at desertification, we have the tools that we need in order to get through the processes effectively, I am confidently that all the above could help to reduce the desertification problems in my village.

13. Course applied for

Post Graduate

Course Type

Science

14. Univesities/Institutes in India where you wish to seek admission:

Note : ICCR provides scholarships only for courses in central or state government universities.

Candidates should be very specific and clear about the course of study which he/she wishes to pursue in India. Scholarships are not available to pursue more than one course. Candidates should ensure that the courses listed here are offered by all five Universities listed under S.No.14. The candidates must refer to the University/Institute website to know the eligibility criteria for the courses of their choice. Those seeking admission to agricultural courses must opt for ICAR in the University choice. Please select Univesrity in order of preference.

| Course you wish to study | University | Course Stream |
|--------------------------|--------------------------|------------------------|
| M.Sc | IIT Kharagpur | Biotechnology |
| M.Sc | IIT Guwahati | Biotechnology |
| M.Sc | University of Hyderabad | Molecular Microbiology |
| M.Sc | Banaras Hindu University | Applied Microbiology |
| M.Sc | Delhi University | Botany |

Note: Once admission is confirmed, no change in either course or University/Institute will be permitted by the Council.

Allotment of colleges is done by the respective Universities.

15. Previous Educational Qualifications

| Certificate/Degree | Country | Name of School/University/Board | Year | Percentage(%) / Grade |
|--|---------|---------------------------------|------|-----------------------|
| Grade X (equivalent to Grade X in India) | Sudan | Alassala Boy-Private | 2011 | 74 |
| Grade XII (equivalent to Grade XII in India) | Sudan | Alassala Boy-private | 2011 | 74 |
| Undergraduate (equivalent to three years course after grade XII in India) | Sudan | University of Khartoum | 2017 | 73 |

16. Give below the names of two persons who have agreed to testify from their personal knowledge to your character (they must not be related to you and should have direct knowledge of your academic pursuits).

Reference 1

| Name | Occupation | Email | Telephone | Postal Address |
|--------------------|---|----------------------------|----------------|-----------------------------|
| Marmar A El Siddig | professor of Microbiology and Biotechnology | marmarelsiddig@hotmail.com | 00249912212919 | P.O. Box 321-Khartoum 11115 |

| Name | Occupation | Email | Telephone | Postal Address |
|-------------|---|----------------------|----------------|------------------------------|
| Sakina yagi | professor of Biotechnology and Biochemistry | sakinayagi@gmail.com | 00249915030004 | P.O. Box 321- Khartoum 11115 |

17. Details of close relative(s) or friends, if any, in India.

| Name | Relationship | Occupation | Telephone | Email | Postal Address |
|-------------------|--------------|------------|----------------|---------------------------------|------------------------------|
| Ibrahim Moatasuim | friend | student | 00918291098823 | brahimmoutasimmohamed@gmail.com | Mumbai, University of Mumbai |

18. Have you travelled or lived in India in the past? No

19. Have you ever availed of ICCR Scholarship earlier? No

20. Are you currently a resident in India? No

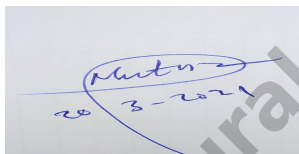

21. Are you married to an indian national ? No

22. Do you have an International driving licence? No

23. Any Other Information:

Date: 29-03-2021

Place: Sudan I hereby declare that the particulars given above are true to the best of my knowledge and belief and that I have understood the financial terms and conditions of the Scholarship Scheme. I hereby undertake to abide by them, and I also undertake

to return to my country after completion of my studies in India.
