### Web Development Projects

Jan, 2019 - Present

<https://stmmodelacademy.com> => A website for a school where school authority can perform some important tasks like Online Admission, Publish Online Magazine, Notice Board, Result Page, Arrange Online Exams, Teachers' Profile, Students' Profile

<https://def-cps.com> => Website for an Indian School

<https://sphere-edge.com> => Website for a startup company in India.

<https://bcscracker.com> => It was an Online Exam Platform where I regularly provided Syllabus & Schedule and took exams. Now I have closed it.

I use DigitalOcean and Vultr for Cloud Server to host websites specially Ubuntu Server.
