

# Preesha Engineering Services Pvt. Ltd.

Traffic Chowk, Biratnagar, Nepal

Date: 5/17/2021

## Experience Certificate

This is to certify that Mr. Binay Thakur has been employed by 'Preesha Engineering Services Pvt. Ltd, Biratnagar, Nepal' and currently working as a Designing and Valuation engineer from April 2020 A.D. Binay joined our designing consultancy during lockdown period as a fresher while he was still in 8<sup>th</sup> semester and did assimilate well in a very short span of time. He was quick at understanding the work requirements as a designing and valuation engineer and dealt with process areas in building designing and valuation of land.

In span of 1 year, I have seen him growing and learning at a rapid pace. Now he can handle designing project of a building and valuation of a land on his own. His skills of different software like Sketch UP, Etabs, and AutoCAD are his assets. 'Good inter-personal skills along with a curious mindset to learn about new things were his core strengths.

This certificate was issued to him upon his own request to be submitted to whom it may be concern without any liabilities towards others.

Sincerely,

Er. Pankaj Karna
