

Letter of Reference

I am glad to give this letter of recommendation to Mr. JAMAL ABDULNASEER ALBADRI from Iraq, one of the meritorious students of our college. He has immense potential and zeal for research. He is a student of high moral and ethical values. I found him to be highly motivated during his course work 2004-2008. He is good at communication in English. He has taken active part in classroom discussions and seminars. He has also been at the forefront in various departmental activities and exhibited good leadership qualities. All the above qualities are complemented by his pleasing demeanor, adaptability, initiative and team spirit.

In view of his keen interest in pursuing higher studies and his inclination for research oriented study, I strongly recommend him for admission into your postgraduate. I am sure that he will be successful and wish him good luck.

Assist professor 
Dr. Mustafa E. A. Al-Hadeethi
