Name of the Student: Brinti Mondal

Roll Number: 18I170002

General Information

The medium of instruction at the Institute is English.

Course credits and grade: Each course is associated with credits which are an indicator of its relative weight in calculating the academic performance. A two-letter grade is awarded to students on the basis of their performance in examinations and assignments of a specific course. The letter grades have numerical equivalents on a 0-10 scale as given below.

Letter Grade	AP	AA	AB	BB	BC	CC	CD	DD	FF	FR	W	DX	PP	NP	AU
Numerical Equivalent	10	10	9	8	7	6	5	4	0	0	-	-	-	-	-

FF: Fail, FR: Fail and repeat, W: Withdrawn, DX: Insufficient attendance, AU: Satisfactory performance in an audit course, PP: Pass, NP: Not Pass. The minimum passing grade in a course is DD. The grade AP is awarded to students with exceptional performance in core courses of a programme. Numerical equivalents of letter grades are referred to as grade points.

The numerical grade points are not convertible into marks or percentages.

Performance Indicators: The performance of a student in a semester is given by a number called the Semester Performance Index (SPI), which is the weighted average of the earned grade points in the courses during the semester.

If a student has courses with credits C_1, C_2, \dots, C_n , with grade points of G_1, G_2, \dots, G_n respectively, then

Semester Credits = $C_1 + C_2 + \dots + C_n$	Semester Grade Points = $C_1 G_1 + C_2 G_2 + \dots + C_n G_n$	SPI = Semester Grade Points ÷ Semester Credits
--	---	--

Cumulative Performance Index (CPI) is the weighted average of the grade points in the courses in all semesters. The indices SPI and CPI are calculated upto two decimal places.

Courses are tagged as MA: Mandatory (Core/Elective), MI: Minor, HO: Honours, AL: Additional Learning, AU: Audit

- Each degree programme has mandatory credits consisting of core courses, elective courses, and non credit courses. These courses are tagged as MA.
- For calculation of SPI and CPI, grades obtained only in mandatory courses (MA) are considered.
- Students can supplement the learning experience by crediting additional courses. Credits earned in these courses, when appropriate, can earn additional credentials either in the form of "Honours" (HO) in the chosen discipline or "Minor" (MI) in another discipline or both.
- "Honours" is not indicative of proficiency, and can be earned by completing the additional prescribed set of advanced core and elective courses in the chosen discipline. "Minor" can be earned by completing the prescribed set of courses in a discipline other than the chosen discipline. Additional courses that are not used for earning "Honours" or "Minor" are tagged as "Additional Learning" (AL).
- The AU is awarded based on satisfactory attendance and fulfilling the minimum requirements as set by the course instructor. It carries no grade points and does not figure in SPI or CPI calculations.
- PP or NP is awarded in some credit courses that are not earmarked with a letter grade. Correspondingly, PP/NP does not carry a grade point.
- The research work related to Ph.D. thesis is mentioned as Thesis Research. It does not carry a course number, credits, or grade.

The Institute does not award any class or division. Notionally, the CPI may be multiplied by a factor of 10 to obtain a numerical percentage.

The veracity of this document can be ascertained by using the verification ticket number in the URL given at the bottom of this page.

Hello ,

We started 7 Cups back in June 2013 with just a handful of listeners. I was in a 3 month startup program in California. My wife flew out (with 4 kids!) to visit and help me out for a month. We'd each be doing 3 chats at a time. Often times I was up until 1 or 2 am because we didn't have enough listener coverage. Things have changed. **We now have over 200,000 listeners across 189 countries providing support in 140 languages, helping over a million people each month.** Amazing, right?

One thing that hasn't changed is the demand for emotional support or listening. Though our listener community has grown, the demand for emotional support and listening has actually grown at a faster rate. To put the demand in context, when it was just a handful of us, we were providing 50 conversations a week. Now, we are doing over 155,000 a week. The work you do on 7 Cups is very important. It is a tangible and practical way to help other people.

It means a lot to me that you are helping out. Thank you again for helping us reach our mission!

With gratitude,

Glen Moriarty, Psy.D.
Founder

Basic German Language Skills - Revised

This online German language course from Alison will introduce you to basic German vocabulary and grammar which will take you one step closer to your first perfect German conversation. Germany is internationally recognized as the industrial and economic powerhouse of Europe, so a working knowledge of German is essential for professionals in areas such as business, finance, economics, and politics. This course will make learning the German language a little easier and more rewarding.

Because
ONE life lost
is ONE too many

I TOOK THE TRAINING...

I'M READY TO SAVE A LIFE

Brinti Mondal has successfully completed the ZSA suicide awareness training

Thank you for taking the time to complete the training.

This training will help you to start the conversation which could save someone's life.

Please share the training with your family, friends and colleagues and together,
we can make a real change and work towards our goal of **Zero Suicide**.
