LETTER OF RECOMMENDATION

It is with great pleasure that I write this letter of recommendation for Mr. Chanki Pandey, who is known to me for the last four years as an undergraduate student since 2017 and is applying to your esteemed organization. I have taken over four courses offered to Electronics and Telecommunication Engineering students as part of the Bachelor of Engineering program. I found him to be a hardworking and intelligent student and he performed very well in all the subjects, too.

As an undergraduate researcher, he had the opportunity to participate in a multidisciplinary project integrating Electronics, Bio-photonics, Signal Processing, Machine Learning, and Image Processing. He has a great passion for innovation, prototyping, and research. Also, he had been a part of various technical and extracurricular endeavors in our institute and represented our institute in various national and international forums. He is sincere, hard working, disciplined and a good team worker.

His academic records have been very good and accommodative for improvement.

I strongly recommend him for your organization.

Best regards,

Prof. M.R. Khan
Professor and Principal
Department of Electronics and Telecommunication Engineering
Government Engineering College Jagdalpur, Chhattisgarh

Chanki Pandey
Principal
Govt. Engineering College
Jagdalpur (P.G.) Bastar
