Date: 08/April/2021

Whom so ever it may concern

It is my pleasure to recommend Mansingh Yadav for a PhD programme in “IIT Kharagpur - University of Manchester Dual Ph.D. Programme”. I know him for the past one and half years and he did course in “Metrology” with me and also, I am examiner of his Master’s thesis project.

While doing course work, he has very good understanding of theoretical and practical knowledge of Metrology and its measuring tools. During my course work he did one minor project Inspection of geometry of ball bearings. Mr.Mansingh shows a strong ability to identify, analyze & solve problems. He is one of the very good students and involved in his project work, applying himself with persistent dedication and demonstrated the ability to work independently with creativity and enthusiasm. He was regular in my lectures and showed very good performance in course work.

I strongly recommend Mansingh for IIT Kharagpur - University of Manchester dual PhD Programme. I believe, he would be positive addition in your organization. If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Sincerely,
