***To Whom It May Concern:***

I am writing this letter of recommendation for Mr. Himanshu Srivastava, a master's student at the Indian Institute of Technology Kharagpur. I have known Himanshu for the past two years as the course instructor for a couple of subjects that he had enrolled for.

Of the two courses that I had taught Himanshu, he had fared extremely well in both, securing grade "A" in Hydraulic Structures [CE60141] and "Ex" in Hydropower Engineering [CE60128]. While interacting with the class, I found him taking keen interest in the subject. He has also been a dedicated and sincere student, performing consistently well in all the subjects. Further, I have come to know him as a student who is always willing and eager towards learning new things.

On the whole, I am rather pleased to write this recommendation for Mr. Himanshu Srivastava and recommend him strongly for the program. For any requests or questions, please feel free to contact me.

Sincerely,

(Dhrubajyoti Sen)
