Sub: LETTER OF RECOMMENDATION for Mr. Hari Hara Sudhan R.

I am writing this letter of recommendation as per the request from Mr. Hari Hara Sudhan R.

I know Mr. R. Hari Hara Sudhan since 2016 in the capacity of an Assistant Professor, presently also the Head of Department, Department of Social Work, Rajiv Gandhi National Institute of Youth Development (RGNIYD) which is an Institute of National Importance acting as a nodal agency and think-tank for the Ministry of Youth Affairs and Sports, Government of India.

He was a student (2016-18 batch) of Department of Development Studies, RGNIYD. I taught him a foundation paper titled "Understanding Youth". During the classes I found him actively participating in the academic discussions and meaningful interactions. He had shown his creativity and commitments in writing assignments and seminar presentations. He maintains professional contact and discusses with me about conferences, seminars and workshops and is extremely passionate towards research related to Psychology, Gender, Development and the Youth.

He is passionate in the field of Psychology especially in examining how psychology of various daily activities relate with Gender and Sex and analyse that in terms of Youth and Development. As this shows he is interdisciplinary in his research thoughts and I feel he is an asset to be invested on. He published in reputed journals when he was a student at RGNIYD. I am now informed that his further work is due to come.

He is a multilingual person with proficiency in German, French and Mandarin Languages. Hari has showed his entrepreneurial capability as well. He has held various responsibilities in Scholar clips International Education Services and Pathways Private Limited and he served as a Qualified Education Agent Counsellor (QEAC) to promote Australian education in India.

He has applied to pursue higher studies at your illustrious university. Despite being an epileptic patient and who has recently lost his father in February, 2019, he is still motivated to pursue his higher studies. I therefore highly recommend the candidature of Mr. R. Hari Hara Sudhan to pursue his desired degree. Finally, I wish him all success for his future endeavours.
