TO WHOM IT MAY CONCERN

Subject: Letter of Recommendation for **Ms. Nidhi Singh** to apply for **IITKGP-University of Manchester Dual Doctoral Degree Program**.

I am writing this letter to give my highest possible recommendation for Ms. Nidhi Singh, who is currently a M.Sc. second year student (4th Semester) in the Department of Chemistry, Indian Institute of Technology (BHU), India. I am privileged to write for her on her academic competency. I have taught two courses including one practical course to Nidhi for two consecutive semesters.

During this period, her sincerity, punctuality, hard-working nature, never-give up attitude and ability to think about chemistry-based research problem are clearly evident to me. She is eager to learn new chemistry and techniques and is a fast learner. Her academic background is exceptional with excellent percentage of marks in her each and every major examination. Considering all the above positive points,

I am providing her my highest recommendation in support of her application for IITKGP-University of Manchester Dual Doctoral Degree Program. I shall be happy to provide further information about her, if required.

Best Regards
