PLASTIC TECHNOLOGY DEPARTMENT

Date: 2nd March 2022

LETTER OF RECOMMENDATION

I am indeed very happy to pen down few words for one of our dynamic students Aadil Rasoliwala, a brilliant, multi-tasking student of this Department. Aadil has been a brilliant student, not only in academics, but also in Co-curricular activities which can be seen in the certificates which he earned during his study. He has been our Placement coordinator and has done a very good job. His pleasing personality, warm hearted approach to any situation has won the hearts of many teachers and students. His passion to learn new things, inquisitiveness is amazing. His grades have been very good during his bachelor's degree study also, and I am sure, he will do a very good job if given a chance.

I wish him all the success and my blessings for his wonderful future.

Prof. Bharati G Basantani, Head of Department
Associate Professor and Head- Plastic Technology Department,
L.D. College of Engineering,
