## **TO WHOM IT MAY CONCERN**

This is to certify that Ms. Sagarika Sinha has worked as a Trainee student and completed her dissertation work entitled 'Assessment of soil quality of coal mine reclaimed and active overburden dumps' in this Institute, under my supervision.

While working in this institute she has successfully performed soil sampling and analysis using equipments and manually. She has been very active, sincere and focused during the field visits and laboratory work. She is full of confidence and her flare for research ensures herself an ideal candidate for higher studies and research.

I wish him all the success.
