## LETTER OF REFERENCE

Date- 24<sup>th</sup> February 2022

I am delighted to write this letter of recommendation for Ms Sakshi Sarathe, a Postgraduate student of Renewable Energy, Energy Centre at Maulana Azad National Institute of Technology Bhopal, India. I have known Sakshi Sarathe for a year now, and hence I can confidently discuss her skills and qualities. She is a highly motivated and sincere student, who has actively capitalised on every opportunity our college had to offer.

Sakshi Sarathe is currently working on "Performance analysis of Modified Multiple Slope Solar Still" for her Master's thesis under my supervision and guidance and have successfully published an international conference paper which got selected for publication in Materials Today Proceedings.

Overall, Sakshi has a very strong sense of community and teamwork. She has demonstrated great leadership skills and proved herself to be a valuable student of our department, time and again. I am positive that she will prove to be an asset for any college she is a part of, and complete the course with flying colours. Thus, I strongly recommend Ms Sakshi Sarathe for your esteemed institution and wish her the best for the same.
