

Letter of Recommendation

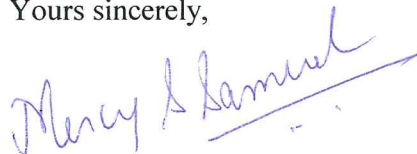

I am pleased to recommend to you Ms. Sreya Vaidyan, whom I have known for the past two years as my student of Master of Urban Management. I was her guide in her final year thesis project and I have found her to be a sincere, hardworking and consistent student. Ms. Sreya has always been consistent in her academic performance securing good results throughout.

Ms. Sreya has amazing interpersonal skills and her leadership quality was showcased in her participation of various workshops of diverse nature. She is diligent, motivated, focused and a determined person, always willing to go the extra mile.

I have always found her to be the student who takes up challenging issues and producing effective management solutions and she validated my observation by undertaking a unique and challenging thesis topic “EPR in Plastic Waste Management” for which, she went well beyond the course requirements in the quantity and quality of her project, putting in a lot of extra research. Her final thesis work was well appreciated by her jury panel, headed by the director of Swachh Bharat Mission(U), MoHUA. She had done an exemplary work and scored A grade, securing second rank.

Ms. Sreya was a student constantly willing to learn and takes efforts to use what is taught to her, which I have understood first-hand. She is a passionate writer, and her interest lies in public policy research, urban governance and management. Her dynamic approach, tenacity and profound interest towards the profession make her suited for a promising future. I am sure, accepting her in your esteemed organization; she will live up to your expectation as she had in ours.

Yours sincerely,

Mercy S. Samuel (Ph.D)
