LETTER OF RECOMMENDATION

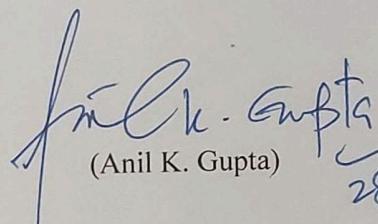

I have great pleasure in writing a letter of reference for Mr. Vipul Singh Rathaur who is working with me for his Master Thesis Project. I have also had close interaction with him as an undergraduate student when I taught him Marine Geosciences course in which he received the best grade. So I have known him for the last two years.

I will wholeheartedly support the application by Vipul Singh Rathaur for IIT KGP-Manchester Joint Doctoral Program for pursuing a PhD as I am confident that he will produce the best results from his doctoral thesis. He is working on surface water paleoceanographic changes in the southeastern Arabian Sea using Pteropods as a proxy during the early Holocene for his Master Thesis Project. I understand that he has attained an All-India Rank of 98 in CSIR-NET Earth Science examination which is an eligibility test to determine the eligibility of candidates for Lectureship and Junior Research Fellowship. Undoubtedly, Vipul has demonstrated his value as a student who has the potential to succeed in doing rigorous work pertaining to his Ph.D.

He is a keen observer and a quick learner. Vipul is candid, dedicated and innovative, always striving to learn new things and thus I can confirm that he is a suitable candidate for the research project.

I have no hesitation in strongly recommending his application for the Joint Degree Program.

Date: February 28, 2023

(Anil K. Gupta)
