Ref. No.: 1192 /2020/OIR

Mr. Alokesh Chattopadhyay,  
Principal System Engineer,  
CIC  
IIT Kharagpur

**Sub : Requesting permission to use the SMTP server (10.3.103.129) of the institute**

Dear Sir,

The IR related websites (main IR website and IR Cell website) require emails to be sent to the end users for various purposes. One of the major purpose is the verification procedure of students signing up on the portal, which requires an activation email to be sent to the student mail id provided by the institute (@iitkgp.ac.in and @kgpian.iitkgp.ac.in). For this, the SMTP server (10.3.103.129) of the institute needs to be used.

You are kindly requested to grant the IR web team permission to use the SMTP server.

Regards,

  
Dean IR
