Dear Sir,

The following international students are the old students who have been admitted to our institute in the last AY 2020-2021. They are not being allowed to complete their registration in the ERP due to the non-payment /regularisation of their registration fees. The students are from various countries and have come under various schemes of scholarships. The fee payment will certainly be made within few weeks' time or even before as the necessary paperwork for the release of the funds (from various sources) are being undertaken and thus it is requested to kindly:

- 1) Allow the student to attend his regular classes during this period.
- 2) Allow the student to register in the ERP before the payment of the fees as a special cases.
- 3) Allow these students an extension of the date for their fees payment till 30.09.2021.

The above approval is being requested for the following student:
