Dear Sir,

This is to bring to your notice that the following international students have approached us with a common issue that they are facing while continuing their studies from their home countries for the past one year. Also, there are some newly admitted students who are from a very humble background who have requested us the same thing.

The students are very much worried about their performance since they are unable to manage their studies from their home countries due to the following two reasons:

- Difference in the time zones between the countries.
- Poor internet and study facilities in their home countries.

The foreign students therefore, have requested us to permit them to travel to campus and continue their courses staying in the campus from this semester of AY 2021-2022. They have also assured us that they are going to follow all the COVID related protocols while travelling to IITKGP and while being on campus.

**It is therefore requested to kindly consider these students and allow them to come to the campus and continue their studies at IITKGP from this semester of AY 2021-2022.**

The names of the students are below:
