Dear Prof. Saha,  
 Greetings from the Office of International Relations!

It has been brought to our notice that the following international student is facing severe problems in his present allotted room on sharing basis:

NAME / COUNTRY	DEGREE	D/S/C	DUR ATI ON	EMAIL
ADEOTI OLADAPO OLADIMEJI/ NIGERIA	M.Tech	ME	2 years	Oladapo.adeoti@dangote.com

The candidate is finding it much uncomfortable and unbearable to stay at the present room on sharing basis. Noteworthy, to mention here is that the candidate is quite senior in age who has left his job at Dangote Cement in Nigeria only with a dream to pursue his M.Tech degree at IIT Kharagpur. He has come for higher studies supporting himself from his own savings.

Some of the problems cited by the student himself are listed below:

1. Inconsiderate room partner resulting into continuous deliberate disturbances.
2. Difficulty in studying in the room because of sudden noises made in the room by his roommate.
3. Size of the room, as he finds it too cramped and hardly finds space to keep his personal belongings.

Therefore, you are kindly requested to consider and approve for allotting a single room to the above student.

Thank you,  
 Sincerely,

Anandaroop Bhattacharya
