Deputy Director
IIT Kharagpur

**Subject: Institute representation at the Indo German Research Day at New Delhi on
17.3.20**

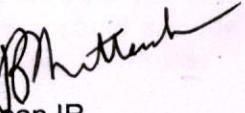

Dear Sir,

The German Centre for Research and Innovation (DWIH) has invited IIT Kharagpur to participate in the Indo German Research Day at New Delhi on 17th March. Given that Germany is a critical partner of our Institute and that we have so many active collaborations with German partners at various levels, it is important that IIT Kharagpur gets adequately represented at the event.

It is therefore proposed that IR Executive Ms. Alivia Nag and DAAD coordinator Prof. Ayan Roy Chauduri (Materials Science Centre) represent the Institute at the event.

It is further proposed that expenses related to air travel, local travel, food and accommodation be borne from IR operating grant.

Sincerely,

Dean IR
