To  
Prof. Virendra Kumar Tewari  
Director  
Indian Institute of Technology Kharagpur

Dear Prof. Virendra Kumar Tewari,

Greetings from IIT Madras!

Among the meritorious students who clear JEE to get admission into IIT, several students need financial support. At IIT Madras, we have been raising funds from Alumni and Corporates to fund tuition fees for meritorious students requiring financial assistance.

We now propose to launch a pan IIT merit cum means endowed scholarship scheme titled "Vidyalakshmi Scholarship Scheme" for B Tech Students funded by corporate CSR. The vision behind the proposal is for any student with an annual parental income below 5 lakhs to study tuition-free as long as they maintain good academic performance. The priority in this vision will be to support girl students in B Tech programs.

We invite all IITs to participate in the same. IIT Madras will play the nodal role of administering the scheme & will follow an equitable process for allocating scholarships to needy students across IITs. Students once selected will retain their scholarship through their tenure basis academic performance.

We have received an initial grant for these scholarships to be deployed as scholarships to students across IIT. We hence request the following from you:

1. Your immediate confirmation for your IIT to participate in the scheme.
2. Request your selection of 7 students from B Tech for scholarships for FY 22-23 with the following criteria:
  - a. Students currently enrolled in the B Tech program.
  - b. Students from families with annual parental income of Rs 1 to 5 lakh who currently pay 1/3<sup>rd</sup> of the tuition fee (the balance 2/3<sup>rd</sup> is subsidized by the Govt)
  - c. Students from EWS and OBC categories are included.
  - d. Students with meritorious performance (CGPA > 6.5)
  - e. 50% of your selection/nominations preferably for girl students.

We would request you to revert by 5<sup>th</sup> April 2023 on your willingness to participate and by 10<sup>th</sup> April 2023 with the names of 7 students, their CGPA, certificate of parental income, and their bank account details. The scholarship will be disbursed for academic year 22-23 directly to the selected student's account. We would also request you nominate a representative at your Institution to liaise with us for sharing the necessary documentation. For any queries, please contact Ms. Vasudha Narasimhan at IIT Madras at [vasudha@ia.iitm.ac.in](mailto:vasudha@ia.iitm.ac.in) at +919884637300.

This scholarship covering students across various IITs across India will ensure a wider pool of student beneficiaries and result in a lasting impact in contributing to the technological prowess of the country across domains.

We look forward to your participation.

With warm regards,

Sincerely yours,

*V. Kamakoti*

Dear Prof Jayantha K Mukhopadhyay

Further to the whatsapp exchange with Prof Mahesh Panchagnula, I am sending you the email regarding the scholarship scheme with the attachment letter from Director IIT Madras

We look forward to IIT KGP's confirmation to participate

Regards,

Vasudha Narasimhan
