NOTE

The first cohort of IIT Kharagpur and University Of Manchester Joint Doctoral Program students has completed their first-year study at IIT Kharagpur and will be leaving for the University of Manchester on the 23rd of September, 2022. The Academic PG Section has issued a NOC for each (enclosed in this email) that mentioned waiving HMC-related fees for their time of absence, but HMC does not have a proportionate system of a fee waiver for students leaving in mid-semester. The students have been directed by the HMC to pay the HMC-related fees for the leaving semester (current autumn semester of 2022) and the rejoining semester of autumn 2023, when the students are expected to join from 1st October 2023. If a proportionate fee system is not imposed, then students have to pay nearly 30k per semester.

This is a request to review the system for implementation of a proportionate fee structure for the following students leaving for the continuation of PhD studies as a part of the program.
