Subj: Request for approval for signing MoUs with universities in Indonesia

The Embassy from the Republic of Indonesia in New Delhi has shared information about Indonesian universities who have expressed interest in collaborating with IITKharagpur. They have expressed further eagerness to sign MoUs with IITKGP. This willingness is a result of the online meeting that has taken place between the Dean of Outreach & AA and Office of International Relations and of earlier email communications.

It is to be noted that the universities who have expressed interest to engage with IITKGP are not amongst the WUN 500 universities.

Since IITKGP has received international students from Indonesia, is a recipient of international students from the Indian Council of Cultural Relations (ICCR) and regularly received students from the ASEAN region, it is anticipated that signing MoUs and activity oriented MoUs with the universities may hold some merit for the Institute.

We therefore request your kind approval for signing the MoUs. The supporting email correspondence is enclosed for your kind consideration.
