NOTE

Sub: Request for Approval for Renewal of the MoU with Homi Bhabha National Institute

The Homi Bhabha National Institute (HBNI), Mumbai, and the Indian Institute Of Technology, Kharagpur signed an MoU on December 2017. In order to continue with and expand upon the said collaboration, the two Institutes wish to renew the MoU for an additional period of 5 years commencing from 2023. All the clauses of the initial MoU remain unchanged.

To this end, a draft Memorandum of Understanding (MoU), was placed for the MoU committee's review on August 09, 2023. Given the importance of the partnership with HBNI, the committee principally approved the renewal and requested DeanFoS to review the document. Dean FoS cleared the document.

The draft MoU, and supporting documents are being placed for your consideration and approval. It is also requested that Director be the signatory of the MoU

This is placed for your kind consideration and approval.

Subject: MoU renewal with HBNI

Dear Prof. Kumar,

Following the MoU committee meeting dated 9th August, please find the resolutions taken wrt the MoU renewal with HBNI:

Resolution: Though the committee members agreed in principle with the renewal, before it was processed further, the committee requested Dean FoS, Prof. Krishna Kumar to review the earlier MoU and renewal draft. It was decided that if there were no further comments or concerns, then the draft would be placed for signatures.

2. Objective

To enhance collaborative research in the areas of mutual interest, both in extent and scope, by using the medium of research students enrolled in the partner Institutes.

3. Modalities of cooperation

3.1 A student registered under a supervisor for M.Tech./Ph.D. in one Partner Institute (hereafter referred to as Parent Institute) can have a co-supervisor from the other partner Institute. To that end, the Supervisor from the Parent Institute of the student will identify and seek concurrence of a faculty member from the Partner Institute to take up the responsibility of being a co-supervisor. The arrangement will come into effect after the supervisor and the co-supervisor obtain approval for the same from their respective institute.

3.2 The Ph.D. students in one Partner Institute may carry a part of the course work in the other Partner Institute with credit transfer. In particular,

- 1) The courses to be credited to the student for attending a course in the Partner Institute will be determined by the Parent Institute of the student.
- 2) To facilitate the process of a student attending a course in the Partner Institute, the supervisor of the student in the Parent Institute will put up the proposal (in consultation with appropriate academic bodies of the Department) to the Dean PGS&R/Dean (HBNI) – as the case may be.

3.3 The Parent Institute shall be responsible for paying to the Partner Institute the tuition fee, if any, for participation of its students in the course work conducted at the Partner Institute.

3.4 The ongoing exchange of faculty for lectures and research for short periods shall be further strengthened.

3.5 IIT KGP will continue interactions with the CIs of HBNI towards identifying and pursuing research programmes that could lead to a degree from HBNI.

3.6 The issues related with the Intellectual Property Right (IPR) with regard to the outcome of the collaborative research and the outcome of thesis/projects work carried out under the joint supervision of the faculty from the Partner Institutes shall be governed through mutual agreement and within the framework of IPR policies of both the institutes.

4. Implementation

4.1 This MoU becomes effective from the date it is signed by the Partner Institutes and will be valid for an initial period of five years. The agreement may be extended by mutual consent. In case one Partner Institute wishes to cancel the MoU, written intent to that effect will have to be communicated by June of that year. The MoU in that event will cease to be operative from the end of the year i.e. from December 31 of the year in question. However, the commitments already made under this MoU before its lapse or termination will be fulfilled
