GRADUATE STUDIES @ IIT KHARAGPUR

–For 100+ Doctoral & masters Programme

LIFE SCIENCES
Biotechnology
Medical Science and Technology
Bio Sciences
Agriculture and Food Engineering

EARTH SCIENCES
Environmental Science and Engineering
Geology and Geophysics
Mining Engineering
Water Resources
Ocean, River, Air and Land Services
Petroleum Engineering

INFRASTRUCTURE
Structural Engineering
Architechture and Regional Planning
Infrastructure Design and Management
Transportation Engineering

INTERDISCIPLINARY
Railway Research
Petroleum Engineering
Quality and Reliability
Nano Sciences and Technology

ENTREPRENEURSHIP AND MANAGEMENT
Business Management
Human Resources Management
Industrial Systems and Engineering
Engineering Entrepreneurship

COMPUTER AND INFORMATION SCIENCES
Artificial Intelligence
Network Security
Computer Science and Engineering
Mathematics and Computing
Computational and Data Services
Statistics and Data Sciences
Statistics and Informatics

MECHANICAL SCIENCES
Mechanical Engineering
Civil Engineering
Aerospace Engineering
Ocean Engineering & Naval Architecture

ELECTRICAL SCIENCES
Electrical Engineering
Electronics and Electrical Communications Engineering

HUMANITIES AND SOCIAL SCIENCES
Law
Economics
Psychology
Science of Happiness
Linguistics

NATURAL SCIENCES
Physics
Chemistry
Mathematics

MATERIALS & CHEMICAL SCIENCES
Chemical Engineering
Metallurgy and Materials Engineering
Materials Science
Rubber Technology
Steel Technology

ENERGY
Energy Sciences and Engineering
Bioenergy
Cryogenic Engineering

YOU WILL HAVE A CHANCE TO

- Conduct cutting edge research
- Work on Mission Projects
- Collaborate with our global partners
- Create Intellectual property
- Launch your own start-up
- Experience India

THRUST AREAS OF RESEARCH

- Food Security
- Future of Cities
- Smart Infrastructure
- Advanced Manufacturing
- Geoscience for the Future of Earth
- Intelligent Transportation Technologies
- Cyber-physical systems and security
- Signals & Systems for Life Sciences
- Affordable Healthcare
- Science & Heritage

UNIQUE INITIATIVES

- Centre for Railways Research
- Centre for Artificial Intelligence
- 1.3 petaflop Supercomputing Facility
- 400-bed Multispecialty Hospital & Research Institute
- Research Parks and Outreach Centers
- Centre for the Science of Happiness
- Centre for Classical and Folk Arts
- Entrepreneurship Park

LIFE AT KGP

Savour the delectable charms of IIT Kharagpur

Experience Little India. IIT Kharagpur has students coming from all over the country, its distant towns, cities and villages, and they bring their distinct cultural flavours.

A perfect location. Only a short distance away from the city, the township provides a rare combination of country surroundings with easy access to heritage sites, tribal villages, woodlands, hills and coastal areas.

Year-round festivals and festivities. If it is January, you can look forward to Kshitij, one of the largest techno-management fests in the world. Spring Fest, the annual cultural student fest, follows close on the heels bringing students from all over India. If the year-round fun and games don't win you over, Illu will surely do. 'Illumumination' or 'Illu' is IIT Kharagpur's own festival of lights held on Diwali.

Fit n fine. IIT Kharagpur provides ample opportunities to stay in shape. Indoor and outdoor sports facilities, a fully-equipped gym, cycling track, swimming pool, adventure sports group, yoga camps, and year-round inter-college competitions, inter-Hall contests…
ILLUMINATION (OCT - NOV)

KSHITIJ (JAN)

SPRING FEST (JAN)

SPORTS (Year round)

EXPLORE (Year round)

ACCOMMODATION International Hostel

WHO CAN APPLY

International students with excellent academic record

HOW TO APPLY

- Explore our programs and identify your research area and mentor
- Complete the online preliminary application form
- Submit your transcripts, statement of research interests, and letters of recommendation
- Appear for a video interview

HOW MUCH DOES IT COST

https://international.iitkgp.ac.in/fee/

APPLICATION DEADLINES

FOR MASTER'S PROGRAMS
30th April every year

FOR DOCTORAL PROGRAMS
For Autumn session
30th April every year

For Spring session
30th September every year

DURATION OF PROGRAMMES

Masters - 2 years
PhD - typically 4 -5 years

SCHOLARSHIPS

Indian Council for Cultural Relations (ICCR) Scholarships
https://www.iccr.gov.in/a2a/iccr-scholarship#skipCont

Study In India (SII) Scholarships
https://www.studyinindia.gov.in/

ASEAN 1000 Doctoral studies Scholarships
http://asean.iitd.ac.in/

Shri Gopal Rajgarhia International Program (SGRIP)
